

Welcome!

Eyedea Worx: Your One Stop Shop for All of Your Media Needs.

Replication \ Duplication

Our product line runs the gamut of digital storage formats, from diskette to CD, DVD, Blu-Ray DVD, FLEX, Scented and Shaped Disc replication. But behind the acronyms and the technology is a dedication to craft and quality that sets us apart from mere replication houses. Anyone can copy a diskette or mold a CD-Rom, and many do. Eyedea Worx goes a step further. Our unique pre-mastering services ensure 100% compatibility of your media with customer systems, while our superior glass-mastering process produces CD-ROM's and DVD's that work. Every time.

Authoring

Eyedea Worx authoring department will bring your DVD to life! Using our extensive expertise, state-of-the-art authoring software and cutting-edge technology, we will create a professional DVD for you that will leave a lasting impression on any audience.

Custom Packaging and Marketing Materials

Whether you need a custom designed package created especially for your product (Video, CD or DVD) or you'd like to choose from our wide variety of standing dies, Eyedea Worx offers superior pricing and turn-around. And our flexible manufacturing capabilities allow us to offer the same high quality service for minimal quantities or orders into the millions. We know you need Dropcards, Business Cards, Posters, Post Cards and Flyers if you want to promote and sell your new CD or DVD project on the market.

Blank Media

You'll find Eyedea Worx not only has great prices but a complete selection of blank media to meet virtually every recording need. Whether your organization requires video and audio recording tapes or computer data storage media, Eyedea Worx can provide you with all the major brands and every format and packaging option available. Tapes and Records to Digital Media. Eyedea Worx converts your old cassettes, LP's and 45's to MP3's and or CD's. We use professional-studio analog to digital equipment. We also use software to minimize the pops and crackles in damaged records. We truly understand analog and digital sound.

USB Flash Drives

Flash drives are a great way to promote your organization. Whether you are marketing to customers or providing gifts to employees, give them something they actually want and will use for years to come. Let Eyedea Worx customize your order by printing your logo or artwork directly on the drive. We offer an endless range of shapes, sizes, colors, and packaging so your project is guaranteed to stand out. Eyedea Worx can also load your content and format the drives to your specifications, including the addition of auto run scripts, password protection, and drive locking and partitioning.

Video Hosting

Eyedea Worx provides video hosting, sharing, and tracking. A business video hosting system that helps measure the effectiveness of your video and business operations. Try it for FREE!

Website Development

Whether you are looking to develop a new website design for your business or just looking to give your old site a touch up or a brand new look, we specialize in high quality and affordable website design services. We can show you how easy it is to have your own business BLOG, demonstrate our affordable E-commerce solutions and explain how they can help you generate more revenue with less effort. At Eyedea Worx, we are committed to developing successful internet business solutions.

Authoring and Encoding

Eyedeaworx authoring studio will bring your DVD to life!

Using our extensive expertise, state-of-the-art authoring software and cutting-edge technology, we will create a professional DVD for you that will leave a lasting impression on any audience.

Encoding is the process by which your video signal is converted to the MPEG-2 and AC3 Dolby Digital format. All conversion are in Variable Bit Rate (VBR) to provide the best quality with the most versatility and the best use of disc space.

Encoding - \$2.00 per Minute (\$60 Minimum)

Menu Options

A Basic Auto Start is a disc that contains no menu options.

DVD will start and play automatically with the ability to fast forward/rewind.
Great for short presentations

Basic Auto Start - Add \$75

A Basic Auto Loop DVD is an Auto Start DVD that is encoded with a restart command at the end of the program.

This command will seamlessly restart the program from the start Point. Great for trade shows and retail playback situations. Offers hands free continuous playback of your program

Basic Auto Loop - Add \$90

Advanced menu's are much more complex giving a professional touch to any project.

All menus include basic backgrounds, Motion Backgrounds add \$50.00 you may incorporate text buttons and up to 5 chapter points in addition to a play all button (\$30 each additional chapter point after 5). You now have a menu to display your company logo or any other background you choose. The biggest benefit will be found utilizing the chapter points. Your viewer may now navigate through individual sections within your program without searching through un-necessary information.

Advanced Menu - Add \$220

Want your program to have a Hollywood punch? Unlimited menu options with custom made features. Custom made features include such things as motion backgrounds and buttons, special effects, music background, and up to 10 chapter points (\$30 each additional chapter point after 10).

If you have something special you want to do, just ask, we can make it happen.

Feature Menu - Add \$400

Master Video Formats Accepted

Video tapes:

· BetaSP · DVCam · Large DV · VHS · SVHS · U-Matic

Camcorder tapes:

· MiniDV · VHS-C · Hi8 (AKA "Digital 8" or "8mm" cassette)
· Consumer Beta (B-II or B-III)

File formats:

· High-quality QT files · MPEG2 file format parsed with .ac3

Once that your program is complete, a test disc will be submitted to you for your final review. This will show you exactly what your finished product will look like before reproduction. Changes are made at this point if necessary.

1st Check Disc - No Charge

Changes	Associated Fee
Subsequent Test Discs	add \$20.00 plus shipping
Encode for Regions 1-8 (Region 0)	add \$20.00
PAL	add \$60.00
DVD Rip Charges	\$60.00 minimum or \$2.00 per minute
	\$60.00 for the menu - artwork provided
	\$30.00 for each chapter to and from

Rip charges apply when a DVD masters have to be disassembled to create a new master.

Transferring Tape To DVD

no authoring, no menus or chapters, includes 1 DVD master plus shipping

Duration	Associated Fee
01-20 minutes	\$50.00
21-30 minutes	\$65.00
31-45 minutes	\$80.00
46-60 minutes	\$90.00

Transfer to DLT - \$100.00, plus \$50.00 per DLT tape used, plus shipping.
CSS Copy Protection - Add \$45.00 to above cost.

DropCards

Promotional Media that Worx

We design and print assorted, custom plastic or cardboard cards (almost like a business card) that include your custom artwork on the front and back with your unique code. You sell or distribute your Dropcards to your fans or to the general public. When ready to download; the card holder then visits either www.eyedeaworx.com/dropcards, or your own website, where they enter the card's unique redemption code to download your promotional material that is featured on the card. The data will automatically start downloading.

Each card is valid for one complete data download.

DROPCARDS

Dropcards brand media download card is created with your custom artwork, features a dedicated web address and unique access code that drives users online to unlock exclusive, hidden, paid-for or complimentary digital media

such as music, video, ringtones, images and more! A cost-effective and turn-key package with trackability and metrics built right in.

BADGES & HANGTAGS

Turn your next event pass into an interactive experience. Launch your new t-shirt line with an attractive gift-with-purchase. Our in-house print facility can customize your Dropcard with a variety of hole and slot punch options allowing you to connect digital content to physical product in a number of ways. We'll even provide you with lanyards, chains, and fasteners!

TWO-IN-ONE CARDS

Perfect for membership drives or retail-ready product, our two-in-one cards feature a custom Dropcard with a unique break-away piece. Imagine a custom card with a separate keytag that snaps right off! We have a several solutions available within our clean break product line that will allow you to present your product in a variety of interesting ways.

CUSTOM SHAPES

For added impact, your Dropcard can be cut into a unique shape to make your download card campaign stand out from the pack. Choose from one of our pre-existing shapes or let us create a special die in the form of your logo or image. With either form or function in mind, our die cut cards are a fun way to get your project noticed.

KEYTAGS & DOGTAGS

Turn your download card into something that will stay with your audience all day long. Available in hard plastic or a high quality metal with full color print and access code engraving. These tags are a great way to offer an item that can be seen every day. Both tags come complete with a metal key ring or ball chain necklace.

GREEN OPTIONS

Did you know that a typical plastic download card contains fifty times less material than traditional formats such as CDs and DVDs? Many of our products are available on eco-friendly materials such as cardboard, 100% recycled paper and even paper embedded with wildflower seeds that, when planted, biodegrade into a garden of growth.

Dropcards

Price Package Includes:

- 4/1 printed card with variable data.
- 250mb of hosting, free microsite or download manager.
- Redemption reporting and 2 years of customer service.
- Orders under 5,000 pieces incur a \$75 set up fee.

Graphic Design

From Concept to Reality.

Why Use Eyedea Worx for your design?

Eyedea Worx's marketing-savvy graphic design department can create a winning, high-impact, professional packaging style to fit the specific needs of your project and the unique tastes of your audience. Whether you're looking to create a new packaging design from scratch or just need some assistance giving your packaging design a finishing touch, Eyedea Worx has you covered. We can develop a brand-new design for you based entirely on your specifications, or we can help you choose from a wide variety of pre-existing dies (for DVD and CD) — whichever best suits your tastes (and budget). In any case, you can rest assured that Eyedea Worx will work closely with you to help you make your product the best it can be.

How It Worx

Eyedea Worx makes it simple. Just send us your photos (preferably digital files), credits, and any other info you want to appear on the packaging, along with any other eyedeeas you have for your design. We will handle the rest. If you don't have any eyedeeas, that's no problem — when our graphic artist is given the most freedom, which is when they usually do their best work. In a few days, we'll send you a PDF proof of your complete package layout. If you don't approve what you see, we'll make the changes requested until you do. We estimate that most of our clients approve their designs after seeing just one or two proofs.

We approach package design with creative eyedeeas and marketing savvy. Our goal is to give your potential customers a good sense of what the content inside is going to be like, and project a professional image. Sophisticated design and quality printing shows people that care has been put into the production of the CD or DVD, and inspires confidence that the content is as well-produced as the packaging.

Our objectives in the design process:

- To portray your product in the best light possible.
- To deliver your project on time and on budget
- To collaborate directly with you to ensure your complete satisfaction.
- To make your multimedia project more hassle-free by serving as a single source of solutions for your project.
- To coordinate, as necessary, with any existing graphic standards you may already have established.
- To eliminate any potential issues that may arise regarding design template specifications.

Templates

Eyedea Worx provides some of the more commonly used CD, DVD and VHS packaging and offset label printing templates in our industry. However, Eyedea Worx offers hundreds more standing dies and templates (including Digi packs, Zip mailers, wallets, inserts, and more) available to meet virtually any multi-media packaging need you may have.

Please call us today at (800) 973-9383 if you have a specific request for a template not shown on our website.

Website Development

From Concept to Functionality

Website Development

A website is more than just a "landing page" that a company MUST have, a website should be a tool to provide your business with new leads from free organic search engine results utilizing Search Engine Optimization (SEO) as well as a source of helpful information to existing clients to motivate them to continue purchasing your product and services. In short, a website should generate revenue for you. We approach every new web development project with that goal in mind.

Below you will find a listing of our four web development packages detailing what is included and pricing.

Starter Package - from \$750

A general website typically used for basic Internet advertising and initial web presence. Custom web design template, logo integration / creation, light supporting graphics. Online business card.

- 1-3 Custom designed webpages (i.e. Home, About Us, Contact Us, etc.)
- Domain Name Registration and set up (1 year)
- 1 month Free Hosting. Free Set-up
- 1 month free website maintenance
- 3 scanned Photos and Artwork, including prep for web
- Submission to 5 major search engines
- Online form which can be filled out for customer to obtain quote, more information, etc.
- Meta-Tags and keyword development
- Many add-ons available
- Request a Quote

Small Business Package - from \$1250

A more advanced website that may use several forms. Custom web design template, logo integration / creation, supporting graphics and stock photos. Standard Brochure.

- 1-10 Custom designed webpages, Search Engine Optimized
- Domain Name Registration and set up (1 year)
- 1 month Free Hosting , Free Set-up
- 3 month free website maintenance
